6. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

**\*\* STAFF REPORT \*\***

**PROJECT DESCRIPTION**

This request is for a Special Use Permit for a proposed Beer/Wine/Cooler On-Sale Establishment at 1000 South Rampart Boulevard, Suite #7, for an existing pizza restaurant within the Boca Park commercial center. The applicant's justification letter states the purpose for this application is to include the sale of alcohol in addition to the food service. The existing restaurant is a full service, sit down restaurant. Located within a 2,200 square foot space, seating is available for 46 to 60 customers. Hours of operation are typical, from 11:00 AM to 10:00 PM, Monday through Thursday, and on Friday, Saturday and Sunday the restaurant closes at 11:00 PM. Ample on-site parking is adjacent to this building and throughout the commercial center parking lot.

The existing restaurant meets the Title 19 requirements for a Beer/Wine/Cooler On-Sale Establishment. Staff therefore recommends approval of the Special Use Permit.

## DEVELOPMENT STANDARDS

### Parking and Traffic Standards

This site is located within a larger commercial subdivision, which allows cross-access and shared parking throughout the entire commercial center. Two handicap spaces are located directly in front of the entrance to the restaurant along with numerous parking spaces adjacent to the building. No additional parking required beyond that which is required for the principal use (restaurant) on the site. The parking requirements were addressed as part of the Site Development Plan Review for this site.

## ANALYSIS

- Zoning

Beer/Wine/Cooler On-Sale Establishment is permitted in a C-1 (Service Commercial) zone with approval of a Special Use Permit.

- Use

Title 19.04.010 establishes the criteria and minimum requirements for the approval of alcohol-related uses. The Code requires a Beer/Wine/Cooler On-Sale Establishment to be a minimum of 400 feet from any church, synagogue, school, childcare facility licensed for more than twelve children, or City Park as measured from property line to property line. In this case, no protected uses are known to be within the minimum separation distance requirement.

In accordance with Title 19.20.020, operational requirements for a Beer/Wine/Cooler On-Sale Establishment include: 1) An establishment whose license to sell alcoholic beverages is limited to the sale of beer, wine and coolers for consumption only in connection with a meal on the premises where the same is sold; 2) And is operated in connection with a restaurant in which 45 or more people may be served with meals at any one time at tables or stools.

- Minimum Distance Separation Requirements

Pursuant to Title 19.04, the following Standards apply to the subject proposal: Beer/Wine/Cooler On-Sale Establishment may not be located within 400 feet of any church, synagogue, school, child care facility licensed for more than 12 children, or City Park. The restaurant use is located in a suite within a commercial subdivision. The proposed restaurant is greater than 400 feet from any of the protected uses. Therefore, it meets the minimum distance separation requirement.

- Conditions

Title 19.04.010 provides conditions for the approval of a Special Use Permit for a Beer/Wine/Cooler On-Sale Establishment. These conditions include:

1. A minimum separation distance of 400 feet as described above;
2. The methodology for calculation of that measurement;
3. A different methodology for calculating separation distance when the use is on a large parcel (i.e. over 80 acres);
4. Direction to the Planning Commission for consideration if the distance requirement is requested to be waived;
5. Minimum distance requirements do not apply to non-restricted gaming license in connection with a hotel or a proposed establishment having more than 50,000 square feet of retail floor space.
6. Compliance with Chapter 6.50 of the Las Vegas Municipal Code.

The proposed development is in compliance with the relevant conditions as stated above.

## FINDINGS

The following findings must be made for a Special Use Permit:

1. **“The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.”**

The project is compatible with the General Plan land use designation and is located within an existing commercial center with a substantial concentration of major commercial development. The proposed use can be conducted in a manner that is harmonious and compatible with the surrounding uses.

**2. “The subject site is physically suitable for the type and intensity of land use proposed.”**

The proposed Beer/Wine/Cooler-On Sale use will be located within a Master Planned commercial center and the proposed use will be operated in a restaurant within a portion of a multi-tenant retail building. There is no evidence of a physical constraint to the proposed use on the subject site.

**3. “Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.”**

The adjacent roadways are of adequate capacity: Rampart and Charleston Boulevards (100-foot wide Primary Arterials) and Alta Drive (80-foot wide Secondary Collector) provide access to the overall commercial center. The roadway network has adequate capacity to serve the Beer/Wine/Cooler On-Sale use.

**4. “Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.”**

The proposed Beer/Wine/Cooler-On Sale use on this site will be subject to regular inspections by regulatory agencies for business licensing and will therefore not compromise the public health, safety and welfare, or the overall objectives of the General Plan.

**5. The use meets all of the applicable conditions per Title 19.04.**

The proposed Beer/Wine/Cooler-On Sale use in conjunction with an existing restaurant complies with the conditions per Title 19.04.
